**AMENDMENT UNDER 37 CFR 1.312**

Sir:

This is a response to the detailed action accompanying the Notice of Allowance dated 19 November 2007 in the above identified patent application.

Specifically the examiner objects to figure 3 as failing to comply with 37 CFR 1.84(p)(4), because, in figure 3, reference character 130 has been used to designate both the half bridge inverter and the lamp.

Submitted herewith is a corrected drawing sheet containing figure 3 in which the reference characters have been corrected to clearly indicate HID LAMP 130 and the circuit containing both the lamp and driver which is now indicated as LAMP 130 and DRIVER CIRCUIT 220.

In view of this amendment it is submitted that the application is in condition for allowance and passage of the application to issue.

Respectfully submitted,

By           /R.J.KRAUS/
